

CALL FOR EQUAL JUSTICE

Fellow American Patriots,

This is a call to action. Our great Constitutional Republic has once again entered an hour when our actions will determine the course of future generations. We are faced with a clear choice: either we will stand boldly for the restoration of the rule of law or our inaction will pave the way for the slide into tyranny that has destroyed innumerable lives and dreams across human history.

The Fourteenth Amendment to the US Constitution insists that every American citizen must be treated equally under the law. Brothers and sisters, we have reached this moment because we have seen our Constitution shredded, discarded, and trampled upon by those who swore an oath to defend and to uphold it.

Restoring equal justice is not a political issue. Rich or poor. Man or woman. Black or white. Big or small. Equal justice is for all. You have seen and felt this injustice for many years. Time after time the rich, powerful, and connected have flagrantly flaunted the laws of our nation while the rights of regular Americans have been incontrovertibly infringed.

Without equal justice the future belongs only to tyrants.

Without equal justice our children and grandchildren can never hope to be free.

Without equal justice the American dream will be buried gleefully by those who have longed endlessly and worked tirelessly to destroy the fabric of our society.

We do not accept that future.

We will not leave our families that inheritance.

We will not allow American freedom to die on our watch.

Join us Memorial Day weekend in Chappaqua, NY for the first stop on the Equal Justice Tour, a peaceful, lawful assembly of Americans exercising our First Amendment rights and insisting that equal justice for all be restored in this nation.

God bless you all, and may God bless the United States of America.
